

Sprint 1 Report

Study Slug

April 24, 2018

Pete Wilcox - pcwilcox@ucsc.edu

Minghao Liu- mliu40@ucsc.edu

Kian Moghtaderi - kmoghtad@ucsc.edu

Daniel Williams - daswilli@ucsc.edu

Michael Lanthier - malanthi@ucsc.edu

Actions to stop doing:

- The team should stop looking at laptops during standups because it is distracting
- The team should stand up during standups because it helps to maintain focus
- The team should stop letting standups go over 15 minutes because they become less effective

Actions to start doing:

- The team should start doing code review because it helps everyone learn the technologies being used
- The team should communicate via slack more consistently in order to keep everyone abreast of progress and blockers

Actions to keep doing:

- The team should keep meeting every day because it helps maintain productivity and communication
- The team should continue to work together to learn the technology stack

Work completed:

- (1) As a developer, I want to be able to share my project contributions with the team.
- (1) As a developer, I want to be able to communicate easily with the team.
- (1) As a developer, I want to be able to easily track the User Stories and Scrum-related items for my project.
- (2) As a team member, I want to be able to present my project to the class.
- (2) As a developer, I want to be able to develop and maintain an Android software project.

- (15) As a user, I want to be able to open the app.
- (5) As a team member, I want to have a logo for the project.

Work not completed:

- (8) As a team member, I want to learn to use all the technologies involved in the project.
- (8) As a developer, I want to have a database for storing user profiles.

Work completion rate:

- User stories completed: 7
- Total ideal work hours: 60
- Total days: 10
- User stories/day: 0.7
- Work hours/day: 6

Burn-up Chart/ Progress:
